Authorware Install Directions for Windows Vista and Windows 7 In IE

- 1. Read entire document before continuing.
- 2. Close all browser windows. There should be no websites open.

- 3. Open Internet Explorer (Click on ⁽²⁾). If you are using a 64-bit machine, confirm that you are using the 32-bit edition of Internet Explorer (Authorware will not run correctly in the 64-bit edition).
 - a. If you do not see a menu bar (File Edit View Favorites Tools Help, shown below, just below the tab bar), right-click the star and select Menu Bar:

c. Look for 64-bit Edition on the Version line, as shown below:

d. If you do not see 64-bit Edition, continue to step 4. If you do see 64-bit Edition, as shown above, click Start and type Internet Explorer to look for the 32-bit Edition:

Programs (3)				
🤗 Internet Explorer				
🤗 Internet Explorer (64-bit)				
🤗 Internet Explorer (No Add-ons)				
Control Panel (4)				
🐑 Change the search provider in Internet Explorer				
🐑 Turn autocomplete in Internet Explorer on or off				
🐑 Change how web pages are displayed in tabs				
😒 Delete browsing history				
₽ See more results				
internet explorer × Shut down >				

e. You will either have one that says "Internet Explorer (32-bit)" or one that does **not** say "Internet Explorer (64-bit)", as shown above.

4. Type **learnamatrol.com** in the address bar and hit the 'Enter' key.

While files from the Internet can be u your computer. Only install software f	seful, this file type car from publishers you th	n potentially harm ust. <u>What's the risk?</u>

If you do not see this dialog box, continue to step 22. Click the **Install** button.

22. An Authorware Player Update or Authorware Web Player Security dialog will pop up:

Click **OK** to allow Authorware to run. You may see this or a similar dialog multiple times. Each time, click **OK** to allow Authorware to install and configure properly.

Authorware will load:

Authorware W	eb Player 2004 ^{1 2}]
If you can see a message s successfully installed, then need to clock	aying Authorware Web Player it is already installed, if not, you will the button below:	Loading Files	
Ort I	DRWARE Ø		

Then play:

Authorware Web Player 2004 ^{1 2} If you can see a message saying Authorware Web Player successfully installed, then it is already installed, if not, you will need to click the button below:	Authorware Web Player successfully installed
PLAYER	

Setup and configuration is complete. You should be able to log in and run content.

On *SOME* versions of Vista, you must start Internet Explorer with Administrator's rights to install Internet Explorer plug-ins such as Authorware. If you follow the steps above and cannot get Authorware to install, perform the steps below.

A. Close all browser windows. There should be no websites open.

B. Right-click the Internet Explorer Icon (2); a menu should appear. Click the **Run as** administrator option.

	Open Open file location	
۲	Run as administrator	
	Pin to Start Menu K Add to Quick Launch	
	Restore previous versions	and the second se
	Send To 🔸	
	Cut Copy	
	Create Shortcut Delete Rename	
	Properties	

C. A dialog box pops up warning that a program is trying to run as admin. Click **Allow**:

D. Perform the numbered steps above starting at step 4.
